

September 2026

Old Ceylon Road, Ridgewood

Noosa Council would like to provide an update about upcoming reconstruction works on Old Ceylon Road, Ridgewood.

We are pleased to advise the construction contractor Sunshine Civil Solutions will be starting work at the end of September.

Construction will take about 10 weeks, weather and site conditions permitting.

The works to reconstruct the slope and road near 314 Old Ceylon Road will include:

- removing unsuitable pavement and material
- stabilising the slope with rock gabions
- restore drainage and subsoil drainage in rock wall
- reinstating line marking, pavement, and vegetation.

What this means for the community

Changed traffic conditions

A single-lane closure with temporary traffic signals will be place until early November.

From early November to the end of construction, a full road closure is needed. Details about the detour route be provided ahead of the closure.

Motorists are reminded to drive to conditions and to expect some minor delays.

Work hours

Construction will generally be completed between Monday to Friday, 6.30am-6.30pm. Some work may also take place on Saturdays.

Residents will be advised of any construction activity outside these hours.

Audible noise and vibration

Audible noise and vibration can be expected from construction activities and vehicles. Reversing beepers and flashing lights are a safety requirement and will be used during work hours.

We appreciate the community's patience and understanding while these vital works are underway.
